- 6 Unlimited Devotion ..... 2.50 ..... 6**  
In collaboration with our friends at Terrestrial Brewing Co., "Always roasted, never burnt" is the simple and typical descriptor for this beer style that benefits from extended aging to smooth and marry flavors derived from a variety of dark malts. This black lager represents our "unlimited devotion" in recognizing the sometimes lost impact of traditional beer styles in the current wave of craft beer, and our mutual love of great music.

**8 Stramash ..... 2.50 ..... 6**

 In collaboration with our friends at Brighten Brewing Co. and Maize Valley, this beer is a little more "we" than "heavy." This Scottish style ale is heavily malt focused with just enough bitterness to create balance. The thick, chewy caramel flavors and complimentary notes of dark dried fruits were partially derived from an extended boil to accentuate the richness of Golden Promise. The perfect beer to usher in cooler weather and the "stramash (chaos)" of the coming season.

Wee Heavy | 7.4% ABV | 25 IBU

**I2 One Way Out ..... 2.50 ..... 6**

 Full-bodied and belly warming, this rich dark ale is a delightful blend of chocolate and roasted malts with a significant bitter hop presence. This style of stout is the result of the ingenuity and innovation that American brewers often incorporate as they re-imagine borrowed brewing traditions.

### Revival Rye

A ruthless attempt to revive a favorite interpretation of the classic American Pale Ale. Cascade hops, light-handed caramel malts and a healthy addition of spicy rye are a perfect match any day. A nod to the strength and resilience of our nation's brewing traditions that persisted through prohibition into the Craft Beer Revolution.

### Marvin's Märzen

This German-style lager was traditionally brewed in spring to be served during the celebratory season of harvest in autumn. A generous portion of Munich malts lends a deep and rich sweetness in flavor and a beautiful orange hue. Brewed in honor of bringing German brewing traditions to Kent, we named this one after Marvin Kent, our town's planner, promoter and developer.

Märzen | 5.7% ABV | 22 IBU

### Raucous River Red

An aggressively bitter amber ale showcasing the best of classic American "C" hop characteristics of grapefruit and pine. A delicate dose of black and heavily caramelized malts lend to the beautiful reddish hue. In reference to the sometimes rapid, sometimes raucous, but always exciting, natural beauty of the Cuyahoga River that passes through our town.
